

JOURNAL MICROBIOLOGY SCIENCE

Volume 4 Nomor 2 November 2024

PIMPINAN UMUM/PENANGGUNG JAWAB

Dekan Fakultas Farmasi UMI

KETUA REDAKSI

Herwin, S.Farm., M.Si

ANGGOTA REDAKSI/MITRA BESTARI

Prof. Dr. H. apt. Tadjuddin Naid, S.Si., M.Sc,
Fakultas Farmasi, Universitas Muslim
Indonesia, Indonesia

apt. Rachmat Kosman, S.Si., M.Kes
Fakultas Farmasi, Universitas Muslim
Indonesia, Indonesia

Dr. Hj. Sjafaraenan, S.Si. M.Si
Departemen Biologi, Fakultas Matematika dan
Ilmu Pengetahuan Alam, Universitas
Hasanuddin, Indonesia

Dr. Zaraswati Dwiwana, S.Si., M.Si
Departemen Biologi, Fakultas Matematika dan
Ilmu Pengetahuan Alam, Universitas
Hasanuddin, Indonesia

Jamaluddin, S.Farm., M.Si
Departemen Farmasi, Fakultas Matematika dan
Ilmu Pengetahuan Alam, Universitas Tadulako,
Indonesia

dr. Rachmat Faisal Syamsu, M.Kes
Ketua Penelitian Rumah Sakit Ibnu Sina,
Fakultas Kedokteran, Universitas Muslim
Indonesia, Indonesia

apt. Siska Nuryanti, S.Si., M.Kes
Fakultas Farmasi, Universitas Muslim
Indonesia, Indonesia

apt. Sabaruddin, S.Fam., M.Si
Fakultas Farmasi, Universitas Halu Oleo,
Indonesia

PENYUNTING PENYELIA/SUPERVISOR

apt. Fitriana, S.Farm., M.Si
Fakultas Farmasi, Universitas Muslim
Indonesia, Indonesia

Ayyub Harly Nurung, S.Farm., M.Sc
Fakultas Farmasi, Universitas Muslim
Indonesia, Indonesia

Fhahri Mubarak, S.Farm., M.Si
Fakultas Farmasi, Sekolah Tinggi Ilmu Farmasi
Makassar. Indonesia

apt. Andi Suparlan Siya Syamsu, S.Farm., M.Si
Fakultas Farmasi, Universitas Mega Rizki,
Indonesia

DESAIN SAMPUL

Nasrul Haq, S.Farm

SEKRETARIAT

Amirullah, S.Farm., M.Si

PENERBIT

JOURNAL MICROBIOLOGY SCIENCE

Volume 4 Nomor 2 November 2024

DAFTAR ISI

- Antibacterial Activity of Endophytic Fungi Isolated from Parang Romang (*Boehmeria virgata* (G.Forst) Guill) Leaves Against Gastrointestinal Pathogens** 152-160
Rusli, AH Nurung, MI Sandyna
- Minimum Inhibitory Concentration (MIC) and Minimum Bactericidal Concentration (MBC) of Water and Ethanol Extracts of *Eleutherine palmifolia* (L.) Merr. Against *Staphylococcus aureus* and *Pseudomonas aureginosa*** 161-167
Rusli, AH Nurung, Erwing
- Antibacterial Properties in Fermentate Extracts of Endophytic Fungus Derived from Marine Algae *Caulerpa lentillifera* Against Gastrointestinal Pathogenic Bacteria** 168-177
AS Paliwengi
- Antibacterial Activity of Ethanol Extract Red (*Jatropha gossypifolia*) Leaves Against Bacterial Skin Infections by Agar Diffusion** 178-185
N Imada
- Antibacterial Evaluation of Agarwood (*Aquilaria malaccensis*) Leaf Ethanol Extract Against Pathogenic Bacteria Using TLC-Bioautography** 186-190
R Marsaoly
- Exploring The Antibacterial Potential of Aqueous and Ethanol Extracts from Bawang Dayak (*Eleutherine palmifolia* (L.) Merr) Against Skin Infectious Bacteria Through KLT-Bioautography** 191-193
Rusli, S Nuryanti, Y Anandita
- Antibacterial Activity of Miana Leaf Ethanol Extract (*Coleus scutellarioides* (L) Against Some Pathogenic Bacteria Using The TLC Method - Bioautography** 200-202
Fitriana, KH Harmunanto, I Zulkarnain
- Antibacterial Activity of N-Hexan and Ethyl Acetate Fractions of Gaharu (*Aquilaria Malaccensis*) Leaves against Bacteria that Cause Infection** 208-210
FA Yahya, Herwin, Fitriana

JOURNAL MICROBIOLOGY SCIENCE

Volume 4 Nomor 2 November 2024

- Antibacterial Activity of Endophytic Fungi Isolate from Bidara Plant (*Ziziphus mauritiana* Lam.) Against Bacteria That Cause Digestive Infections by Agar Diffusion Method** 219-221
P Rahmadhani, Fitriana, AH Nurung
- Antibacterial Activity of N-Hexan and Ethyl Acetate Fractions of Gaharu Leaves (*Aquilaria malaccensis*) Against Bacteria Causing Skin Infection** 228-230
PT Sompaa, Herwin, Fitriana
- Production of Antibiotics from Endophyte Fungi Isolates of Bidara Plants (*Ziziphus mauritina* L.) Isolates Codes IFAZ-6, IFBZ-6, IFDZ-8 With Variations in Carbon Sources** 241-243
Fitriana, AH Nurung, AP Adnan
- Synergistic Antibacterial Effects of Areca Nut Seed (*Areca catechu* L.) and Binahong leaf (*Anredera cordifolia* (Ten.) Steenis) Extracts Against *Propionibacterium acnes*** 249-251
S Nuryanti, AH Nurung, MSS Saputra, Harvanita, UP Umayyah
- Antibacterial Activity in Ethanol Extract of Kersen Flowers (*Muntingia calabura* L.) Against Bacteria Causing Gastrointestinal Tract Infections Using the Agar Diffusion Method** 259-261
S Maryam, Fitriana, N Annisa
- Antibacterial Potential of Ethanol Extract from White Pidada (*Sonneratia alba*) Leaves Against Gastrointestinal Pathogens** 271-273
S Rudiah
- Antibacterial Activity Test Of Ethanol Extract Of Matoa Leaves (*Pometia pinnata*) Against Bacteria That Cause Digestive Tract Infections** 279-281
E Kamilah
