

JOURNAL MICROBIOLOGY SCIENCE

Volume 5 Nomor 2, 2025

PIMPINAN UMUM/PENANGGUNG JAWAB

Dekan Fakultas Farmasi UMI

KETUA REDAKSI

Herwin, S.Farm., M.Si

ANGGOTA REDAKSI/MITRA BESTARI

Prof. Dr. H. apt. Tadjuddin Naid, S.Si., M.Sc,
Fakultas Farmasi, Universitas Muslim
Indonesia, Indonesia

apt. Rachmat Kosman, S.Si., M.Kes
Fakultas Farmasi, Universitas Muslim
Indonesia, Indonesia

Dr. Hj. Sjafaraenan, S.Si. M.Si
Departemen Biologi, Fakultas Matematika dan
Ilmu Pengetahuan Alam, Universitas
Hasanuddin, Indonesia

Dr. Zaraswati Dwiyan, S.Si., M.Si
Departemen Biologi, Fakultas Matematika dan
Ilmu Pengetahuan Alam, Universitas
Hasanuddin, Indonesia

Jamaluddin, S.Farm., M.Si
Departemen Farmasi, Fakultas Matematika dan
Ilmu Pengetahuan Alam, Universitas Tadulako,
Indonesia

dr. Rachmat Faisal Syamsu, M.Kes
Ketua Penelitian Rumah Sakit Ibnu Sina,
Fakultas Kedokteran, Universitas Muslim
Indonesia, Indonesia

apt. Siska Nuryanti, S.Si., M.Kes
Fakultas Farmasi, Universitas Muslim
Indonesia, Indonesia

apt. Sabaruddin, S.Fam., M.Si
Fakultas Farmasi, Universitas Halu Oleo,
Indonesia

PENYUNTING PENYELIA/SUPERVISOR

apt. Fitriana, S.Farm., M.Si
Fakultas Farmasi, Universitas Muslim
Indonesia, Indonesia

Ayyub Harly Nurung, S.Farm., M.Sc
Fakultas Farmasi, Universitas Muslim
Indonesia, Indonesia

Fhahri Mubarak, S.Farm., M.Si
Fakultas Farmasi, Sekolah Tinggi Ilmu Farmasi
Makassar. Indonesia

apt. Andi Suparlan Siya Syamsu, S.Farm., M.Si
Fakultas Farmasi, Universitas Mega Rizki,
Indonesia

DESAIN SAMPUL

Nasrul Haq, S.Farm

SEKRETARIAT

Amirullah, S.Farm., M.Si

PENERBIT

Laboratorium Mikrobiologi Fakultas Farmasi Universitas Muslim Indonesia

JOURNAL MICROBIOLOGY SCIENCE

Volume 5 Nomor 2, 2025

DAFTAR ISI

Detection of <i>Salmonella</i> Bacteria In Soybean Tempeh Produced In Palekko Village, Takalar Regency NAA Arsyad, T Naid, S Nuryanti	87-91
Isolation of Endophytic Fungus from Bay Leaves (<i>Syzygium polyanthum</i> Wight.) as Antibacterials Against Bacteria Causing Digestive Tract Infections by Bioautography-TLC J Fahirah, Herwin, S Handayani	92-103
Antifungal Activity Test of Robusta Coffee (<i>Coffea canephora</i>) Bean Ethanol Extract Against <i>Candida albicans</i>, <i>Malassezia furfur</i>, and <i>Aspergillus oryzae</i> Using the Agar Diffusion Method AN Fajri	104-110
Antibacterial Activity of N-Hexane and Ethyl Acetate Fractions Of Pandanus Nut (<i>P. Julianettii</i>) Against Oral Pathogens WR Nur, T Naid, Herwin	111-122
Antibacterial Activity of Ethanolic Extract of Pandanus Nut (<i>Pandanus julianettii</i>) Gastrointestinal Bacteria Using The Agar Diffusion Method A Monika, Tadjuddin, Herwin	123-131
Potential of Antibacterial Producing Rhizosphere Bacteria from Porang Roots (<i>Amorphophallus muelleri</i> Blume) against Gastrointestinal Pathogens S Nuryanti, AH Nurung, AAK Akhito	132-141
Antibacterial Activity of Ethanol Extract of Porang Tubers (<i>Amorphophallus muelleri</i> Blume) Against the Growth of <i>Helicobacter pylori</i> ATCC 43504, <i>Shigella dysenteriae</i> ATCC 13313 and <i>Vibrio Cholerae</i> ATCC 14035 Bacteria S Nuryanti, AH Nurung, AS Putra	142-152
Antifungal Activity of <i>Cosmos caudatus</i> Kunth Leaf Ethanol Extract Against <i>Candida albicans</i> Fitriana, S Nuryanti, WG Ramadhan	153-160
